How to attach to go braless
1. If you have worn the breasts before, clean Aphrodite breasts as best as you can. Remove ALL adhesive using an adhesive remover, and gently clean using Divine Collection Breast Form Wash. Allow to dry; the breasts should be naturally tacky.
2. Shower. Clean the skin as well as you can and remove any hair. Rinse the skin clean and towel dry. Do NOT apply moisturizers, lotions, or anything that may leave a residue on your skin.
3. Apply Stay Dry to the chest wall to prevent perspiration. Wait to dry. (Do NOT use deodorants or antiperspirants on the chest wall; the oils won’t allow adhesives to bond well).
4. Spray a THIN layer of Hollister adhesive to the breast form. Wait 3 to 6 minutes to dry; it should not be wet, but tacky. Remember, LESS IS MORE when it comes to using adhesives with Aphrodite.
5. Apply Skin Tac Wipe to the chest wall. Wait 30 seconds to 1 minute until the area becomes tacky.
6. Apply the breasts using pressure to the body and allow to bond.
7. Rest for 10 to 50 minutes (depending the size of breasts) by laying down on your back and when possible, apply additional pressure to the breast forms to help bond the product better.

Care instructions
Wash after each use with Divine Collection Breast Form Wash. Allow to air dry, and store breasts in the box they came in. Do not allow breasts to come in contact with strong chemicals, adhesives, or solvents that have not been recommended for use with Aphrodite breasts.

Going braless with Aphrodite breasts
Aphrodite breasts are designed to adhere to your body for a realistic experience, especially when worn with a bra. They are not designed to go braless without additional support. If you wish to go braless, we recommend using Hollisters 7730 Medical Adhesive and 7731 Medical Adhesive Remover.

Removing Aphrodite breasts
When done with your Aphrodite breasts, slowly remove the breasts from your body by gently pulling at the edges and lifting up. Remove any adhesive with an adhesive remover and gently wash the breast form using Divine Collection Breast Form Wash.

About your Aphrodite breasts

Your new pair of Aphrodite breasts have been crafted for you with love by skilled artisans dedicated to creating realistic, durable breast forms.

Divine Collection breast forms have been designed by Terry, a skilled artisan with more than 30 years experience working in prop development and special effects for television, film, and theater.

With a background in sculpting, painting and prop design, Terry has developed Divine Collection breast forms for the male body to create a realistic appearance and heavenly experience.

Your Aphrodite breasts have been designed, crafted, inspected, and produced with you in mind. We hope that your new breasts will inspire you to feel as beautiful and as feminine as the goddess they were named after.

Warranty information

Your Divine Collection breast form is warranted to the original purchaser only, to be free of defects in materials and workmanship for one (1) year from the original date of sale. Excluded from this limited warranty are defects in any Divine Collection product that have been modified or altered, including but not limited to the use of adhesives and/or adhesive solvents that have not been recommended for use with the product.

The Divine Collection Aphrodite breast form adhesive back layer is not warranted in any respect. The on-going performance is directly related to certain factors beyond the manufacturer’s control, such as the proper cleaning and care of the breast form, perspiration levels, skin type, exudates (body oils), moisture, diet and personal hygiene.

The manufacturer will replace the breast form if it is found to be defective during the warranty period. Transportation, postage, and insurance charges are the consumer’s responsibility. The manufacturer will not be liable for any damages, including consequential, incidental, direct, indirect, or special damages, caused by any defect in this product beyond the amount of the replacement product. No warranty will be offered on the replacement breast form.
